

SPECIAL PLACEMENT TESTING FOR DESP STUDENTS

New students who plan to enroll in English, reading and math need to take the West Valley College placement test. The Disability and Educational Support Program (DESP) will be providing these tests with additional test time.

It is especially important for students who will be attending the Summer Institute to take these tests. Please note that these tests are not the same as an assessment for learning disabilities.

We will schedule placement testing AT THE TIME THAT YOU RETURN YOUR DOCUMENTS TO DESP. We cannot schedule placement testing until all documents are turned in.

Special Placement Testing Times

We have scheduled three times that you may take the placement tests through DESP. These times are:

Tuesday, April 7 or 14, 2009 from 4:30 p.m. to 7:30 p.m. in DESP.

Saturday, April 11, 2009 from 9:00 a.m. to 12 noon in AAS 10.

See map on reverse side.

If you absolutely cannot attend any of these sessions, call 741-2010 for alternative times. The alternative test session results will not be returned in time for early class registration.

Also, if you have taken West Valley placement testing at your high school as part of an Early Admissions Orientation, please let us know that.

Parking: Permits will be given to students when completed documents are returned to DESP. Display permit on dash. Students may park in student parking.
