

# Petition for Concurrent Enrollment Exceptions

## This petition is to be completed by the student.

◆ PLEASE PRINT IN INK ◆

Petition to enroll in \_\_\_\_\_ units.  
(The maximum for Fall/Spring semester is 6 units and the maximum for summer/winter session is 5 units)

Petition the age limit. I am \_\_\_\_\_ years old and in \_\_\_\_\_ grade.

*In January 2004, legislative changes allowed community colleges to set age limits for concurrently enrolled students. Our Board and college made choices about limiting our Concurrent Enrollment program to those who are at least 16 years of age and in the 11th or 12th grade (completed 10th grade) to best meet the educational needs of all our students and the priorities of the campus.*

*Given the increased demand for classes, budget imposed reductions in our course offerings, and the liability associated with serving younger students, we feel this is an appropriate policy.*

Beginning Fall 2004 semester, the above statement highlights our new Board endorsed policy. If you feel there is some extenuating circumstance as to why you should be considered an exception to the policy, please state so below and be as specific as possible. If you have a unique academic or skill attribute that makes taking a class or classes at WVC essential. In the space below, please provide clear evidence or documentation to assist us in making a decision. We will review your information and inform you of our decision. Meeting with the Dean of Student Support Services may be part of the petition process. Please use additional paper if necessary and attach relevant supporting documents.

**Please complete and submit the Concurrent Enrollment Application Packet with this petition to the Admissions and Records Office at West Valley College.**
