

# Catalog Addendum 2015-2016

## Course Additions

### Noncredit Courses

#### **ADUL 010**

##### **GED Preparation**

##### **0 units**

This course helps prepare the student to take the GED examination. The official GED Practice Tests in English or Spanish are developed based on the same specifications as the full-length tests, cover the same knowledge and skills and are scored based on the same standard scale as the GED test. They also include the same 5 subject areas as the GED test: Language Arts: Writing; Language Arts: Reading; Social Studies; Science; Math. By giving students experience in taking timed, standardized tests, this course is designed to help identify areas of strength and address areas of weakness ensuring adequate GED preparation.

#### **ADUL 145**

##### **Older Adult Art**

##### **0 units**

This non-credit course expands the student's knowledge of art and crafts while they explore artistic expression and its place in our culture as well as other cultures. It provides an opportunity for practical application, using diverse media and techniques in the production of art and crafts items for personal use and gifts.

#### **NONCR 160**

##### **Water Treatment 1**

##### **0 units**

This course covers water resources, water quality, unit operations of water treatment, public health requirements, and the basics of water chemistry and aquatic microbiology. It prepares students for the Water Treatment Operator's Certificate examinations (T1) given by the State of California's Water Resources Control Board.

# Catalog Addendum 2015-2016

## NONCR 165

### Water Distribution 1

#### 0 units

This course in drinking water distribution is designed as an introduction to basic distribution mathematics, system operation and piping. It also covers safety and utilities management, supply sources and water quality. The course prepares students to take the California State Water Resources Control Board Distribution level 1 exam.

## PE 1.35

### Adapted Functional Fitness

#### 0 units

This non-credit adapted functional fitness course is designed for students with disabilities. Individualized exercise programs are created that focus on the development of core strength, flexibility, and balance. Information is given regarding alternative equipment used for functional training. The programs address the limitations of the individual's disability. Emphasis is on encouraging independence through the teaching of lifelong fitness skills

## Credit Courses

## PE 3.02

### Ballet-Beginning 1

#### 1 unit

This course is designed to introduce the student to the discipline, aesthetics, traditions, and historical background of classical ballet at the beginning level.

## ENGR 020

### Engineering Graphics

#### 3 units

A study of orthographic projection, sections, auxiliary (single and double) dimensioning, tolerancing, sub-assemblies, threads and fasteners and weldments. Some work to be done in freehand sketching. Primarily for engineering transfer students. Detail and assembly drawings. Both drawing board and CAD techniques will be utilized. Transfer: UC/CSU
