Revised August, 2010, WVC Office of Instruction

August 25, 2010

Dear Full Time and Associate Faculty Members:

This Faculty Handbook is designed to be a comprehensive source of information that will help support your efforts as a faculty member at West Valley College. For this reason, and because it seems change is a constant, the handbook is revised on an annual basis. In addition, there are many relevant sources of information to be found on our website, specifically at <http://www.westvalley.edu/faculty.html>.

Yet even our best efforts cannot address the myriad of facts, procedures and issues that apply to our busy lives. More often than not, just asking another person is the best route. So please don't hesitate to consult your department and division chairs or our excellent support staff cross the College. We in the Office of Instruction are of course available to address questions and concerns.

It is my great privilege to serve you as you endeavor to serve the teaching and learning mission of West Valley College.

Sincerely,

David M. Fishbaugh
Vice President, Instruction
