NEW! Coming 2015 fall semester
California Naturalist and
Certified Interpretive Guide

Be one of the first to sign up!

- First course of its kind offered in Santa Clara County that pairs the National Association for Interpretation (NAI) Certified Interpretive Guide (CIG) with the UC Extension California Naturalist Certification.
- A fun and fast paced course that provides the opportunity for professional certifications*.
- Build a great resume and become a more desirable candidate to work or volunteer for public land agencies or environmental education organizations.

To learn more about these unique certifications visit:
http://calnat.ucanr.edu/About_the_program/

Who: Anyone interested in California’s remarkable diversity and its rich history; its water resources and climate change issues; its geology, native plants, and wildlife and who wants to engage the public by learning interpretation and public speaking skills.
