MIDDLE COLLEGE PURPOSE
The Middle College Program empowers 11th and 12th grade students by giving them choices and treating them as adults. Applicants must be in their sophomore or junior year to apply.

Middle College offers students from the Campbell Union High School District and the Los Gatos - Saratoga Joint Union High School District with college potential (minimum of a 2.8 GPA, many applicants have a 3.2 GPA and higher) the opportunity to complete their high school requirements on the campus of West Valley College. This program is designed to provide a supportive and challenging adult educational setting. Students will take college level courses while completing high school graduation requirements. This new educational environment will provide students with an opportunity to stimulate their academic development and their quest for learning.

The Program Offers:

- A serious learning environment where students take control of their own learning;
- An opportunity for exploring individual interests through more diversified course offerings, while also completing the requirements for high school graduation;
- An environment where students have greater opportunities for guidance and improvement; and
- An opportunity to earn their diplomas from the home high schools.
